# BUYERS' DIRECTORY

## *It's Practical Uses*

To give permanence to paid-for publicity.

\*\*\*

To detail more fully the products and service of industrial, commercial, financial and professional activities.

\*\*\*

To form a quality background by the better use of type and paper.

\*\*\*

To create a department of those in each community whose stability has built the foundation upon which progress has been attained. (The length of this advertising service automatically eliminates investments for space by those who question their ability to continue business activity.)

\*\*\*

To safeguard the buyer by eliminating statements that mislead, or do not conform to business integrity.

## DIRECTORIES AND REFERENCE MEDIA STANDARDS OF PRACTICE

---

ADOPTED BY THE DIRECTORY AND REFERENCE  
MEDIA DEPARTMENTAL OF THE ASSOCIATED  
ADVERTISING CLUBS OF THE WORLD

---

*The publisher of a Directory or Reference Medium should dedicate his best efforts to the cause of business uplift and social service, and to this end should pledge himself:*

1. To consider, first, the interests of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all Departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under such headings as best describe it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what directories and reference media contain; to study public needs and make directories and reference media to supply them; to revise and standardize methods and classifications so that what is wanted may be most easily found, and the directory and reference media be made to serve their fullest use as business and social reference books and directories of buyer to seller and seller to his market.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publication.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers as well as on the number of copies circulated.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. *To determine what is the highest and largest function of directories and reference media in public service and then to strive in every legitimate way to promote that function.*
